## ATHLETIC ASSOCIATION

September 23, 2020

Grassland Families,

We heard from Williamson County Parks & Recreation late yesterday afternoon that there may be a basketball season after all. We will still be dependent upon the individual schools allowing us to use their facilities, but the news is very promising. Registration has not opened and at this time we have no further information. Please stay tuned and we hope to have more information for everyone within the next two weeks.
